## XL Rustic Grade • Pioneer Oil Finish

## XL RUSTIC • SOLID HARDWOOD

XL Rustic flooring is a unique, extra long, rustic hardwood flooring, offered only by BreezeWood Floors. These  $\frac{3}{4}$ " thick solid hardwood floors feature all the beautiful, natural wood character of a true rustic grade hardwood flooring in wide widths and extra-long board lengths, up to 12' long (ranging from 2 to 12' long). Only unsound boards are removed from this flooring grade providing a true, character grade floor with plenty of rustic charm. All XL Rustic orders are Custom Orders and therefore the options are endless to *create a floor that is uniquely your own*.

XL Rustic Canadian made hardwood flooring is available in a variety of hardwood species including: Hard Maple, White Oak, Hickory, Cherry and White Ash.

- Widths: 3  $\frac{1}{4}$ , 4  $\frac{1}{4}$ , 5  $\frac{1}{4}$  & 6  $\frac{1}{4}$ " & a mixed-width option ("Eco-Max")
- Spot repairable, low sheen Pioneer Oil Finish
- Stain colours: Natural, Prairie, Driftwood, Mocha, Reactive & Woodland
- Plus, choose to add special features such as antiquing, distressing, and more!

XL Rustic Hard Maple | Driftwood

board lengths up to  
**12' LONG**  
Ranging from 2' - 12' lengths

## WIRE BRUSHED SOLID HARDWOOD

One of today's hottest trends, wire brushing is a texturizing technique that gives hardwood floors a unique, multi-dimension or two-tone appearance. Aside from their beauty, wire brushed hardwood floors are also practical as they hide scratches and dirt better than smooth surface finishes.

The wire brushing technique is completed prior to staining and top-coating. It involves scraping the hardwood floor planks, which opens the wood pores and pulls out the softer wood fibers, exposing the hardwood underneath. The result is a real wood floor with a unique, subtly distressed or weathered effect. Wire brushed hardwood floors are great in high traffic areas such as halls and entrance ways to disguise and minimize any character marks or everyday wear and tear.

# FINISHES

## NANOTECH UV Cured Finish

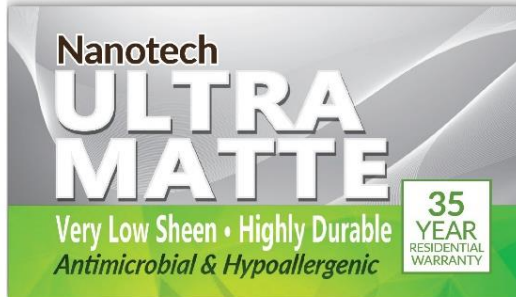

This seven layer finish is up five times harder and is more wear resistant than alternative prefinished floor coatings.

Rather than adding metal oxides to our finish for protection and sacrifice clarity, *diamond dust particles* are used to provide hardness and enhance the wood's natural beauty.

### 2 Gloss Levels:

Nano Matte (20% sheen) &  
Nano Semi-Gloss (50% sheen)

Residential Warranty:  
35 Year Finish Wear  
Limited Warranty

## NANOTECH ULTRA MATTE UV Cured Finish

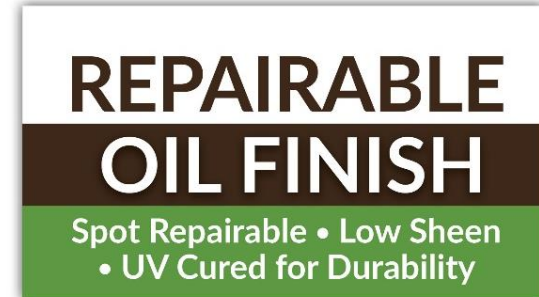

A seven layer finish for the look of oiled floors with excellent durability, plus stain and scuff resistance.

Antimicrobial and hypoallergenic, with zero VOCs, this finish contributes to a clean home environment. The extremely low sheen is most forgiving and hides scratches and marks very well.

### Gloss Level:

Ultra-Matte (7% sheen)

Residential Warranty:  
35 Year Finish Wear  
Limited Warranty

## PIONEER OIL UV Cured Finish

Zero VOCs. BreezeWood Floors' European inspired Pioneer Finish offers a rich, authentic oil finish that enhances each wood's natural beauty. The extremely low sheen is most forgiving and hides scratches and marks very well. Should you encounter unsightly scratches or wear to your floor's surface, our Pioneer Finish Maintenance system allows you to easily repair and restore your floor.

### Gloss Level:

Very Matte (5% sheen)

Warranty: N/A. As this product is spot repairable by the homeowner, finish warranties do not apply.

# GRADES

## PRIME

### Our clearest grade.

Applicable to Maple only. Prime is the clearest grade of Maple hardwood flooring offered by BreezeWood. This grade will admit only some minimal colour variation, limited small character marks, bird's-eyes and small burls. There are no open characteristics in the Prime grade.

Average Length: 2'6" - 3'  
Shortest Piece 12"  
Longest Piece 6'5"

Colour Variation: Minimal  
% Clear Planks: 95 - 100%  
Natural Wood Characteristics: Minimal

## SELECT (previously 'Classic & Better')

### Moderate colour variation & character. Long boards.

The Select grade combines the natural beauty of a higher grade floor with the unique characteristics of a mid-grade floor. Only small knots are accepted in this grade, up to the size of a pinky finger.

Average Length: 2'6" - 3'  
Shortest Piece: 12"  
Longest Piece: 7'

Colour Variation: Moderate  
% Clear Planks: 60 - 80%  
Natural Wood Characteristics: Moderate

## TRADITIONAL (previously 'Plank')

### More colour variation & character. Long avg. board lengths.

This grade offers more character than our Select grade. A beautiful combination of clear boards along with Mother Nature's natural colour variation. Our longest average length, featuring planks over 7 feet long. Larger filled knots are allowed in this grade. (Available on accumulation basis only).

Average Length: 2'9" - 3'4"  
Shortest Piece: 9"  
Longest Piece: > 7'

Colour Variation: Mid/High  
% Clear Planks: 30 - 50%  
Natural Wood Characteristics: Mid/High

## RUSTIC

### Full colour variation. All wood characteristics. Shortest average board lengths.

This grade contains all the natural wood characteristics that occur in hardwoods such as; colour variation, knots of all shapes and sizes, mineral streaks, checks and worm holes. Open characteristics are filled with non shrink filler. Shorter average board lengths. Stock available on accumulation basis only

Average Length: 9" - 30"  
Shortest Piece: 9"  
Longest Piece: 6'5"

Colour Variation: Full/Pronounced  
% Clear Planks: < 10%  
Natural Wood Characteristics: Full/Pronounced
